

## [Reference for Oakwood Fencing](#)

Oakwood fencing were employed to do a number of jobs for us, including erecting fencing down the property boundary, constructing a 50 ft pergola around a patio, and recladding a good sized potting shed. Having agreed the scope of the work required, we established a time frame and agreed upon budget pricing. All the work was executed on time, within budget, to a very high standard, including fitting of locks and ironwork. Oakwood provided a highly professional level of workmanship.

David was friendly, knowledgeable, practical, and equally importantly, honest. We really appreciated his commendable 'can-do' attitude and high work ethic. Having been extremely satisfied with his work we have since recommended Oakwood to others. We would highly endorse Oakwood to anyone who required such services. We will be using them again in the future.

Mr. & Mrs. M

New Milton

[David, happy for you to give our details to any client that requires a more personal reference, or would like to view your work]
